Hello Sydney,

I am writing in regard to your inquiry about any information we might have about Chief Muskegwtic, Reserve #126, Whitefish/Goodfish, etc. Although Glenbow has some photographs relating to Goodfish, we do not appear to have any photographs or documents relating to Chief Muskegwtic or Washatanow or Reserve #126.

I note that you have also contacted the University of Calgary Archives. They may be able to provide you with more information or you may be able to find something searching online – <https://glenbow.ucalgary.ca/archives>.

I'm sorry I'm not able to be of more assistance. If you have any questions please don't hesitate to contact me.

Regards,
Daryl
